

**MADISON GALLATIN TROUT UNLIMITED
APPLICATION
2017 MONTANA CONSERVATION AND FLY FISHING CAMP SCHOLARSHIP**

Montana Trout Unlimited invites twenty boys and girls (between ages 11 and 14) to join volunteers and professionals July 16-20, 2017 to learn about fly fishing, fly tying, watershed management, native fish and more at Camp Watanopa on the banks of Georgetown Lake. The camp includes a habitat restoration tour and field trips to area trout streams and a fish hatchery. All fishing equipment and classroom supplies are provided by Montana TU.

The Madison Gallatin Trout Unlimited Chapter is sponsoring two scholarships for campers from the Madison Gallatin area that are motivated individuals who are excited about learning from experts on water quality, stream restoration, aquatic insects and cold water fisheries. Students do not need to know how to fly fish, but must be willing to learn.

The \$300 fee to attend will be paid by MGTU and includes all meals and lodging, but does not include transportation to and from the camp. If this presents a problem, please indicate that on the application.
